YOU HAVE REMARKABLE IDEAS. SHARE THEM AT THE FALLING WALLS LAB!

- Present your ideas to fellow scholars, scientists and professionals – in 3 minutes.
- Convince a top-class jury of your ideas.
- Exchange insights on an interdisciplinary level.
- Get involved in exciting discussions and network with brilliant scientists and professionals from academia, research institutions and business.

Who can apply

We are looking for outstanding young talents: Master students or PhD candidates, post-docs, young professionals, scientists or entrepreneurs.

Your breakthrough

- Showcase your innovative ideas that are relevant to society, the environment and the world. Share your research work or business idea.
- For your presentation you have 3 minutes time.
- All disciplines and kinds of research are welcome.

Programme

The Falling Walls Lab Berlin gathers 100 outstanding minds on **8 November 2012** at the ESMT European School of Management and Technology. It starts at 10 am and is concluded by an award ceremony and the Welcome Reception of the Falling Walls Conference.

Application & Deadline

Apply here: www.falling-walls.com/lab
Application deadline: **30 September 2012**

Scholarship & Winners

- All participants will be granted an A.T. Kearney Scholarship covering their accommodation from 8 to 9 November and the ticket for the Falling Walls Conference on 9 November. Please note that travel expenses cannot be reimbursed.
- The 3 most intriguing presenters will be invited to speak at the Conference – side by side with some of the most prominent researchers worldwide.

THE FALLING WALLS CONFERENCE

- The Conference presents new insights from science, the humanities, business and technology. 20 brilliant scientists from prestigious international research institutions speak about their breakthroughs – in 15 minutes each.
- The concept: Each year on 9 November, the day of the fall of the Berlin Wall, the Falling Walls Conference dares a look into the future and asks: Which are the next walls to fall and how will this affect our lives?
