

Cities of the Future Conference

Transitions to the Urban Water Services of Tomorrow (TRUST)

1. EmscherGenossenschaft
- 2.-3. MST GmbH
4. MST GmbH Andreas Köhring
5. Ruhrverband

Water is vital for any human society, and therefore the urban water cycle services are key factors for stable and healthy cities of the future. Within the context of a growing world population, continuing urbanization and the general pursuit of better living standards, there is an urgent need for sustainable solutions for urban water services. Cities of the Future – Transitions to the Urban Water Services of Tomorrow (TRUST) will provide an opportunity to present and discuss leading-edge developments in the area of urban water services with an international audience of water utility personnel, researchers, engineers, technology providers, city planners, consultants, regulators and policy makers.

Conference Topics

- **Planning for Future Urban Water Services**
 - > Strategies for Sustainable UWS
 - > Territorial and Urban Planning
 - > Diagnosis Tools
 - > Management Tools
- **Governing and Financing Future Urban Water Services**
 - > Water Governance in Transition
 - > Financial Sustainability of UWS
 - > Affordable Water Services
- **Engineering Future Urban Water Services**
 - > Water Security in Cities
 - > Healthy and Liveable Cities
 - > Resource/Energy-Efficient Cities
 - > Climate-Resilient Urban Water Services
 - > Smart Networks – Smart Water Services

Within the conference, there will be a special session dedicated to the core outcomes of the EU FP7 TRUST project (www.trust-i.net).

Conference Timeline

31 October 2014 Extended deadline for abstracts

31 January 2015 Full paper submission

1 December 2014 Notification of authors

28-30 April 2015 Conference
